

HC2023 RANGE

HC2023S Seat

HC2023S Product Specifications:

- Timber and cast ductile iron seat with stainless steel frame complete with back support and side arm rests.
- Length 1800mm.
- Supports are manufactured from 10mm cast ductile iron which is more durable than cast iron.
- Armrests are manufactured from 316 grade stainless steel.
- The ductile iron components are galvanised with powder coat finish, as we manufacture all our products in house we can arrange any colour combination you require, see our colour palette section.
- The tubing is 316 grade stainless steel in an electro-polished finish (corrosion and salt water resistant)
- Timber slats are 70 x 40mm FSC approved mahogany treated with a protective wood stain coating.
- Fixtures and fittings are stainless steel.
- Supports can be root fixed or surface mounted.

Fitting: *Surface Mounted:* There are 2 fixing points on each support. *Root Fixed:* The root fixing is a base plate 130mm underground level with 4 fixing points on each support.

Concrete Foundations: Recommended concrete foundation 2000 x 800 x 150mm.

Options: Recycled composite timber is also available as an alternative to hardwood timber.
